## TESTIMONIALS

***On the morning of 28<sup>th</sup> March a builder (we do not know who) made an unsolicited call to Triple M Breakfast Radio simply to express his delight with Viking Rentals. "After 25 years in the building trade, I have never seen toilets so clean and with such impressive service".***

***Only exceptional companies can boast this sort of customer loyalty and praise***

Viking Rentals has literally **changed the way people consider building sites**. Romark now has facilities **comfortable enough for females to use**. Seeing that more and more females are now entering the Construction Industry, this is a welcome benefit. Viking Rentals truly has **brought Dignity into the Building Industry**. I don't know how we put up with the previous conditions for so long.

*With best regards,*  
*Mark K. Settree*  
DIRECTOR  
Romark Design Constructions Pty. Ltd.

Hi Karen,  
I'd like to take this opportunity to **thank you** and your company for doing such a **great job** in delivering and servicing the portable toilet while we were renovating. We were **pleasantly surprised** that it WASN'T the typical construction site portaloos and it looked really new. We've since told family and friends of our **fantastic "dunny"**. I appreciate how much effort your company puts in to make your units so clean and stinky-free! Bring on the bill guys... glad to pay it as it was money well spent!

Cheers,

Jim I have found your toilets to be **extremely clean and refreshing** compared to past toilets that I have provided my workers with on various job sites. The boys have noticed the difference in toilets and appreciate it as a result they actually keep it a lot cleaner as well as the job sites in general, so you could say they are **starting to take pride in their place of work**. We find the servicing to be punctual and unlike in the past, **your guys actually arrive and service the toilets**. I have **no hesitation in recommending** your toilets and in fact have already recommended you to several builders who are now currently using you. Thanks.

Mark Rodrigues | Director | Rodrigues Development Group

---

All our labourers were **extremely happy** with the toilet & service provided. Also your service over the phone was very **courteous and helpful**. Hope to continue using your service for our other new jobs coming up next year.

Regards

Sharon at DDB Design

---

It's the **cleanest and smartest portable toilet** we have used. Every subcontractor has made **positive comment** on the 'new loo'. If you take pride in your project, then you must provide **quality facilities** for your workers. You have **raised the standards** in a necessary service for all building sites.

Regards,

Bob Antic

Managing Director

SPACE DESIGN & CONSTRUCT

---

Thanks Jim for this great service of **upmarket toilets** for our workers. The **price is very reasonable**, the cheapest we've had so far, but the **service and quality is of gold star grade**. I must say the ladies don't mind visiting this toilet as well, as they normally turn their nose up at the other dirty smelly one's and usually go to the closest shopping centre, and waste valuable time off their work, so thanks Viking Rentals for making a **cleaner, safer working environment and a great service**. .Birger Eliasson from Eli Homes Pty Ltd.

---

The toilets your company supply are so far **the best & cleanest toilets** we had ever used on site. Kemson Constructions had been in the building industry for over 17 years and we had never used any toilets so clean & fresh. I personally had been working in the commercial industry as a site foreman/ project manager and the toilets are even cleaner than the ones especially built temporarily onsite. For such a **competitive price & quality & service**, there's no other better choice than Viking Rentals. You make our jobs easier & **cleaner & healthier**. Thanks!

Regards, Phil Kemson.

---

We're very happy with your toilets: they are clean, **well maintained and regularly serviced** by a **friendly, courteous and professional** driver. In fact, your toilets are so good **even our female clients aren't scared to use them!** Now that's saying something!

Thanks

Melissa Bragg

---

Hi Jim, **great product, great service**, all our subbies are **very impressed**, even ladies visiting our sites will use the site toilets. Having water and soap handy is also great, as for the **price it's great too**. Viking rentals have set a **high standard**.

Thanks. Regards, Tom Srppek for Palm Cove Constructions (Qld)

---

**Viking's toilets set a new standard**...they are more like an airline toilet than the horrible things the industry has come to expect and accept. They are **modern, well built and easy to clean**. They even have a washbasin, complete with soap dispenser.

Mike Mollison, Owner Builder, Balmoral.

---

I changed over the toilet after 8 months of using an inferior chemical toilet. Definitely a conversation point with the tradesmen on my multi unit site. **Even the bricklayers were satisfied! Imagine that!** Happy/satisfied bricklayers, (normally they always find something to complain about). **Everybody comments how nice the toilet is**. When would you have ever heard that before? Using the old toilet

used to be a case of seeing how long you could hold your breath whilst going about your business (even within days of it being pumped/cleaned out).

Thanks  
Dom, Panda Constructions

---

As for your toilets, we (my subbies and myself) found the quality of the toilet to be first rate and the service excellent. I will not hesitate to order another product from you. Hope you have a Merry Christmas and a great New Year.

---

Jim, a quick thank you note. I feel like I am sitting on the **throne of Buckingham Palace** in your dunnies! Other toilets I have hired just don't compare in terms of **quality, price and service**.

---

My boys on site are very happy. They say thats it. From now on they will demand all toilets to be supplied by Viking. We even have a toilet on another site that they want me to change over. It's great to have clean toilets, in good working order.

---

Hi Jim , I would like to say that I have been using another supplier for a large number of years which were not much better than tinnies , but since you have been supplying these amenities the guys have been commenting on the upgrade and **general satisfaction** of the product that you have been supplying . Also the **reliability of delivery** is much appreciated.

Thanks,  
Norm McIntyre, Builder

---

I don't mind going to the toilet at work! Viking Dunnies are the **source of much positive conversation!!!** Our son and apprentice even uses it instead of hanging on for 5 or 6 hours.

Thank you for the **great toilet** you supply to our building sites. Even our clients are **more than happy** to use your toilets during site visits.

---

I would just like to pass on a **big thank you** from our sub-contractors and even a client who had to use our "site toilet" that we hired from you. I used the term "site toilet" as it conjures up certain stereotypical images of this type of toilet, but yours are anything but that. They are clean and kept this way by your company and as they are of a flush type they don't have the aromas usually associated with them as well. We're **glad we stumbled across Viking Rentals** about 6 months ago, after using a well known competitor of yours now for nearly 14 years, who still uses the old stinker types.

Bruce Robertson

Roslin Builders has found Viking Rentals to be

- 1) **Courteous**
- 2) **Professional**
- 3) **Reliable**

I have never had a Rental Toilet supplier that has kept their units **so clean and on such a regular schedule** as Viking Rentals.

I must say though, that this has been the **cleanest and most pleasant smelling toilet** we have had the pleasure of having on our sites. You can use this as a testimonial if you like!

Many thanks,

---

Jim, your toilets and service have been of a **very high standard** yet they are still reasonably priced. Look forward to doing more business with you in the future and in your toilets!!! Regards, Luke Kruberg.

---

Hi Jim,

Your pricing is about par within the market place, but your product is **far superior than your competitors**. Your service is **very prompt**, which is an advantage in the building industry.

Cheers

---

The rental rate is competitive, the wc's are **new, modern, and clean**, and the service is good. Thanks, Talk to you again soon.

---

We trialled your toilets after we receiving a flyer on them. The comments received from the other trades people on site confirm you have the **Mickey Mouse of toilets**. They are **regularly and well maintained**, they **smell pleasant**, they have soap dispensers, water and proper soft toilet paper. The price is quite competitive and we had some hoodlums tip one over the other day, luckily it had been hardly used since it's last service, but it did leave the blue chemical over the inside of the cubical which the serviceman cleaned at no extra charge. **Excellent product, service and price.**

---

Thank you for your **great service and exceptional toilets**, all the tradies commented about it being the **best on site toilet** they have used. I think some may be asking their other builders why they don't use Viking Rentals. We will definitely continue to use Viking Rentals for our on site toilet rentals.  
Thank you again.

We are **very happy** with your company. **Service is always ontime**, we never have to chase you and supplies are always sufficient for our needs. With others we were always buying extra toilet paper or soap and when you are busy running a building site it is always one extra job you can do without. Regards, Dave Lock. Munro Group Pty Ltd.

I have two contracts running currently in the suburbs, No Complaints! **Happy tradesmen! Great Service**,  
Thanks Jim and the Team.

---

I must firstly comment about your prompt service in providing the toilet to the site. The boys have commented on how **pleasant the toilet is to use**. I visited the site today for the first time since the installation and was even able to use the facilities without being offended! The toilet is a little more expensive than our usual supplier, however we believe that it is **money well spent**.  
Thanks  
Jan Kuskopf  
Director

---

Just like to say thank you for the dunnies you provide to us. The **service we get from your company is great**. The boys on site and even the clients don't mind to use it, and for the price we pay we won't complain. Keep it up.  
Regards,  
Frank van Hest

Your toilets are **new and cleaned regularly at a great price**. You can't ask for anymore than that.

---

I received a pamphlet through network builders and we were currently looking to buy better in all areas of our trade , **Viking's pricing is smashing our old supplier**, which makes our overall pricing more competitive. We used to have the old metal toilets which rarely had paper , never had soap and were to often full and stunk bad.  
I think these new toilets not only look better on the site but the **servicing and quality of the toilet** itself is making our carpenters a bit happier. And also I think when customers see the toilets they will be happy to use them because they look **new and tidy** which gives an impression of clean, which also is what the toilets are.  
Thanks Jim and the Staff from Viking.  
Regards Arnold (Preferred Builders)

Walvin Constructions Pty Ltd switched over to Viking Rentals over 12 months ago. Due to the bulk of our projects being in the inner city area access to our sites can be a challenge. Not any more. Jim and his team have never had a problem. Their **service is second to none**, the toilets always arrive **clean and actually work**.

No complaints about your company whatsoever, your service, **pricing and quality of toilets are second to none**. All the boys onsite would agree with your initial statement to us "**these are the dux nuts of dunnies**". We will certainly be using your toilets for future projects.

I work in the road construction industry and on some of our jobs the quality and price for an average porta loo leaves a lot to be desired. So when I needed a loo for my own house site and I heard about Viking Rentals were promising I gave them a chance.

They cost about the same as their competition but the **service and quality leaves the rest of the industry behind**. The porta loo was like brand new and came with all the features you would want and the service is great. My house is the last being built in the street and I didn't want some old stinky rust bucket sitting in the front yard in full view of the neighbours.

The loo they supplied hardly even looks like a traditional porta loo and the great service ensures it always pumped out and clean. I don't even have to worry about toilet paper, its always restocked.

Every tradesman whose has come on site has **always had something positive to say** as they know what usually passes for a loo out in the industry.

Keep up the good work and I would **recommend you guys to anyone**.

It would never occur to me to go to another other company but yours as during the time I have engage the services of Viking Rentals I have been **100% happy with both the service and the equipment** I have hired. Deliveries have been **quick, efficient and always on time**. All equipment I have hired has been **clean, well managed** and I have never had a complaint about anything I have hired from Viking Rentals. I would recommend this company to anyone considering hiring equipment.

I and fellow workers would like to thank you for providing a site toilet **worthy of royalty** [well maybe pushing it a bit far].But really the guy's & girls comments were all great. The thought of having to go to the loo on site are not such a dreaded thought.The service in **cleaning them regularly could not be faulted**. So thanks a lot for providing a throne fit all workers.

We are currently owner building our house and are hiring a portable toilet through Viking Rentals. Cost was the primary reason we chose them but we quickly discovered that there were other more important reasons. Delivery was made when they said they would and servicing the toilet has been done as scheduled. Whenever we have had a query, Jim has answered them immediately and to our satisfaction. I would **definitely recommend Viking Rentals**.

**Very very pleased** with the product, servicing and accounting. The unit stays smelling fresh between servicing and the hand basin and the soap are additional perks compared to our last supplier. I'm extremely pleased that I made the switch to Viking rentals. We have a **better product at a more competitive price**. What more can you ask for in business?

Kind regards

---

The best thing about the toilets is that it **keeps the trades happy** plus by giving them a good quality clean toilet they have no excuse not to keep it clean. There is always soap and toilet paper in the toilet and Viking Rentals true to their advertising attend and make sure **everything is clean and tidy**.

Found your **service wonderful** and toilets as clean as. I work on building sites and some of the toilets are disgraceful. Thanks Bruce.

---

As a Carpentry Contractor I was constantly complaining to Builders about the 'prehistoric' thunderboxes they provided on their sites. I've lost countless hours where my tradies were forced to go off site just to use a loo. To work within a 5metre radius of the stench coming off these things was unacceptable. As a Builder and having used Viking on all my projects, I am confident my **subbies are a lot happier with the facilities** provided by Viking. Thanks for bringing a bit of dignity back to the worksite.

For the last 6 months I have been building a new home. From the day the foundations were poured I had Viking Rentals – (Dunnies with dignity) supply my on site toilet. Through out this time Viking Rentals were **nothing but professional** always on time and their maintenance/service was second to none. I would have no hesitation in using their business again and would highly recommend their service to anyone who asked. It was an absolute pleasure to have them on board throughout the project. The toilet was **modern in design and functioned without fault.**

Traffic Control Specialists Pty Ltd, over the past 6 months of using a Viking Rental Dunny I have not once had any cause concern of when they were to be serviced or relocated on our worksite at Pinkenba (Qld).

I have **no problem recommending Viking Rentals, Great service** Guys at Viking, keep up the good work.

---

We were provided with a **top quality service**. The staff members that i liaised with were very customer focused. The toilet supplied was very well maintained and serviced throughout the life of the hire. We did not have an account with Viking's, however, the staff member servicing us offered to start up a credit account and promptly delivered the hire toilet to our site.

We have added Viking Rentals to our Approved Suppliers List and will use their services on our other construction sites.
